November 10th, 2021 Proclamation #23

By the President of ARRG.US A Remembrance

The President wishes to to share a story about Bruce Keller
K4BAK May 21st, 1947 - November, 2nd, 2021

Most of us heard Ol' Bruce "WD4Over Deviated Modulation" on the Disney repeaters or on .520 on his way to work as a fairy boat captain at the Magic Kingdom. He was very active with D.E.A.R.S. and a valued member of the club and their net controller. His dedication to his fellow Hams was evident in his way of life. A person who led by example and was a friend to all he met. Most of us learned about his time in the air too. Always volunteering for Club events and running special event stations on the air. He was a great ambassador for his affiliations and not a bad Elvis either.

I'd like to share a story on how he became a member of the ARRG.US family. 2012 was the year that KK4DZO, W0UJG, WA3PGL, KA3BRP van pooled with me K4SLB to the PCARS Hamfest in Melbourne. We've all changed callsigns since then as we all upgraded to Extra the next year or so. It was on the ride home, about a mile West of I-95 that I was testing out a used ATAS-120a I bought and installed earlier that day on 17M tuned in on my FT-897, clipping down US192. I spotted a guy in a little Scion in my mirror gesturing something, I had Larry turn around and see what he was signaling 5, 2. Larry turned on his HT and started talking to him on 146.520 while I was talking with a station in France. Rick was using DSTAR on 444.450 N4ARG B repeater talking to G4HFG in England.

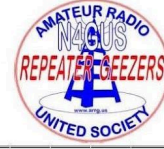

Yep, it was WD4ODM, Ol' Bruce, his conversation lasted all of the way to St. Cloud and beyond until he turned off for home. Of course, we informed him about our activities and he meet up with us on the next Wednesday at Arby's. He and Terry would be an integral part of yet another radio club and Net manager.

NOW, THEREFORE, I hereby submit this remembrance and effect it's publication.
